

SUMMER MENTORSHIP

(Web-D)

1.) Learn git and GitHub. Meanwhile, dual boot your laptop as well

Deadline - Till 25th May

Resources - <https://www.youtube.com/watch?v=IHaTbJPdB-s>

2.) Summer Projects -

a.) Project 1 -- **Blogging site**

Total 4 pages with frontend and backend in each page.

1st Page - List of all bloggers on that page

- with Date of published.

2nd Page - Clicking on blogger's name his/her profile page will be opened

- That profile page must have a blogger profile.

3rd Page - Login, Registration Page

TIP for frontend - try to enhance pages as much as possible. If you like any animation or something try to make it from scratch don't copy/paste it.

It's a simple blogger website so please try to complete it before the end of June, we would really appreciate if you could complete it little early :)

For any query contact -

1. Kirti, Bhoomi (For Frontend)

2. Aditi, Shivangi, Vishnupriya (For Backend)

Resources --

Backend -

Django Girls - <https://tutorial.djangogirls.org/en/>

Django Book - <https://djangobook.com/>

Tango with Django documentation

Django Doc - <https://docs.djangoproject.com/en/2.2/>

Frontend -

Project1 is for everyone, all of you must do it individually.

Project2 details will be given shortly..
